

# Happy Valentine's Day from the Zee Zees!

Use the instructions below to make paper heart pencil toppers this Valentine's Day. Put them on all of your favorite pencils or make enough to share with your whole class!

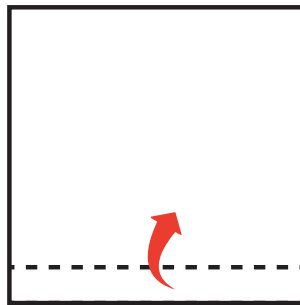

1

Cut out a square of paper that measures 3.5in. x 3.5in. or download and cut out the Zee Zees template squares.

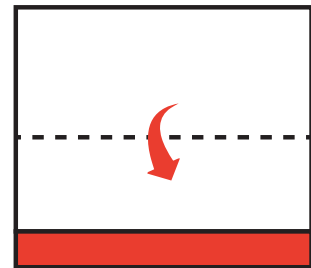

2

With the back side facing up, fold the bottom edge up about .5 in.

3

Fold the top edge down to meet the new bottom edge.

4

Fold the bottom right corner up to be flush with the top edge of the rectangle.

5

Fold the bottom left corner up to be flush with the top edge of the rectangle.

6

Fold the top right corner in to meet the left edge of the triangle that you created in Step 4.

7

Fold the left top corner in to meet the right edge of the triangle that you created in Step 5.

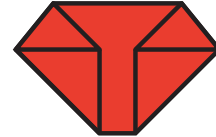

8

Gently pinch the two new smaller triangles to create a small pouch and fold the remaining two top triangles into the pouches to keep them in place.

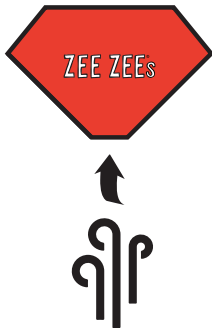

9

The back of your heart should now look like this.

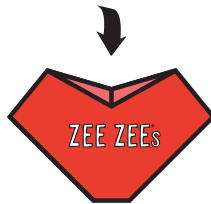

10

Turn your heart over. Gently pinch the bottom to create an opening and gently blow into your 3D pencil topper to inflate.

11

Gently push down on the top of your heart to finish off your Valentine's Day decoration!

11

Pop the pencil topper onto your favorite pencil or make enough to share with your whole class!
